## Description of Assignment:

### Content

Students are required to answer the following tasks:

#### Task 1

Identify an organization that uses Information System to run their business operations. You are required to research how they use information system in their company in terms of:

- 1) Hardware
- 2) Software
- 3) Data
- 4) People
- 5) Procedure

Also, discuss how a company can gain competitive advantage in implementing information system in their daily operations.

Hint: Discuss by comparing with a company who did and did not implement information system to assist in their daily operations.

#### Task 2

Based on the organization chosen above, identify what are the possible cyber security threats that the company may face. Suggest appropriate solution for each threat identified.

**Please ensure the plagiarism rate is lesser than 20%. Proper formatting using font size 12; Times New Roman, 1.5 Line Spacing, justified paragraph and using INTI Cover Page.**
